Consignment Sale Equipment Posting Form Page 1

(For equipment picked-up by us or delivered to our location & stored at our facility)

As a service to our customers we offer to place your equipment for consignment sale and/or store said equipment at our facility while it is posted for sale. **If Bryanne Enterprises, Inc. sells your listed equipment, we charge a 20% fee of the total sale price.** This covers our expenses in listing, storing, crating, inspecting, calibration, payment processing and fielding inquiries on the equipment. The fee will be deducted from the selling proceeds prior to disbursement. By signing below you agree to this fee. Bryanne Enterprises, Inc. agrees to pay the seller within 60 days after Bryanne Enterprises, Inc. has received payment from the purchaser. We ensure the purchasers' payment clears and the equipment arrives at its destination intact with no dispute from the purchaser. Seller agrees that the equipment is owned by the seller and has clear title.

If the equipment cannot feasibly be tested by us at pick-up or prior to shipping to purchaser, (ex: hydrotherapy table already drained, in storage with no power available at pick-up, or is dropped off at our facility by seller), seller will state the current condition of the equipment (works as should, or any broken / inoperable systems known) at the time of pick-up/drop-off and listed as such on the posting. Each piece of equipment will be checked for features, operation and calibration (if applicable) prior to listing. We do not "refurbish" equipment – it will be sold "As Is". For equipment stored at our facility - we may impose a maximum storage time of 1 year. If at that time the stored equipment has not sold, you will be notified that you have 2 weeks to pick-up your equipment. After the 2 week pick-up period the equipment will be considered abandoned, and sold at a reduced price or disposed of at our discretion.

If you arrange for us to pick-up your equipment for storage at our facility there are labor & travel charges involved that are payable at time of pick-up (unless we are delivering new equipment at the same time). You can call 877-279-2663 for an exact quote. Seller authorizes Bryanne Enterprises, Inc. to sell the equipment listed on the consignment form. The equipment remains the property of the seller while stored at our facility and may be picked up during our regular business hours, by the seller if requested. We ask that you let us know prior to pick-up so we can ready it in our warehouse. If you need the equipment returned by delivery, travel & labor would apply. We do not pick-up or deliver tables up or down flights of stairs unless special arrangements are made or a large enough elevator is present.

If you sell the posted equipment on your own (we don't handle the payment from the buyer), but you would still like us to arrange delivery or ship the equipment, please contact us for any applicable fees in regards to listing (\$20), storage, delivery, crating, shipping, calibration (\$65), inspection, etc. that would apply, and be due from the seller. See Seller's Form for details.
